COME ON IN THE WATER'S FINE—These youngsters were on hand Saturday when Flood Park's swimming pool was opened for the first time this year. Weekend swimming will continue until school semesters end, and then it will go on a seven-day basis. The pool is operated by the San Mateo County Recreation Department.

Man Drops Dead On Golf Course

David C. Balkan, 44-year-old San Francisco candy company executive, died Sunday afternoon after he collapsed while playing golf at the Lake Merced Golf and Country Club, Colma.

The sheriff's office reported that Mr. Balkan had played 18 holes in the President's Cup Tournament during the morning. He had started on a second round Sunday afternoon and was lining up the ball for a putt o the third role when he dropped unconscious to the turf.

He was pronounced dead upon arrival at Junipero Serra Hospital. Death was attributed to a heart condition.

Ranch Worker Found Dead

Mose Domenici, 84-year-old Coastside ranch worker, was found dead Monday in the Half Moon Bay house in which he lived alone. The coroner's office reported that death was due to natural causes.

Mr. Domenici was found about 7 a.m. by his employer, Angelo Giannini, Half Moon Bay rancher, Dep. Sheriff Don Hartnett said. He had evidently died during the night.

Hartnett said that Mr. Domenici was believed to have a sister living on the West Coast, but her name was not known. The body was taken to Dutra's Mortuary, Half Moon Bay, for funeral arrangements.

'Peeping Tom' Caught in NPA

One of the prowlers who have been bothering residents in North and East Palo Alto recently was caught Saturday night by a special patrolman.

Michael Palmquist, 22, of Stanford Village, pleaded guilty in justice court Monday.

Palmquist was arrested at 11:20 p.m. Saturday by Special Patrolman Albert Pinotti. When caught, Palmquist was peering through the window of a home at 209 Marmona Dr., North Palo Alto.

John Lemon, in charge of the special patrol, said that Palmquist admitted playing the role of Peeping Tom at several other homes in the area.

RC Woman Killed In Bayshore Accident; 13 Injured in County

Mrs. Connie Russell, 41, Freeway Trailer Ct., died last night at Community Hospital following an automobile accident on Bayshore Hwy. south of Chestnut St. Four other persons were injured in the smashup.

Mrs. Russell was a passenger in a car driven by William J. Furber, 38, San Carlos Motor Ct. Furber, police said, was attempting to turn his southbond car left into the Freeway Trailer Court at the time.

A car driven by Suano Furusho, 24, Rt. 1, Box 300, Mountain View, police reported, struck the rear of the Furber vehicle. Furusho was not held.

The four persons who were injured are Furber, the driver, who was treated at Community Hospital for bruises on his right cheek; Furusho, the other driver who was treated for cuts on his right cheek; Lewis Russell, 32, husband of the victim who was treated for fractured ribs; and Vernon Kell, 34, 161 Elmhurst St., Menlo Park.

Mrs. Russell was admitted to the hospital at 12:15 a.m. and died at 12:55 a.m. Her body was taken to the Franklin, Crowe, Lorentzen Chapel where services are pending. She suffered a fractured skull.

It was the second traffic fatality in Redwood City this year. Francis B. Treacy, 38, San Francisco, was the victim of the other Bayshore accident Apr. 18 south of Main St.

Police said Furber's car was changed from a sedan to a coupe by the impact last night.

The California Highway Patrol reported that nine persons were injured in other accidents in San Mateo County, one of them listed as seriously.

Paul May, 47, of San Francisco, was in Junipero Serra Hospital today with a fractured skull sustained Saturday evening. The CHP stated that he jumped from a car driven by Alfred Zemvaskoff, 35, a San Francisco painter. The accident occurred on Coast Hwy. near the Sharp Park Rd.

Two of the six occupants of a coupe were injured when the car rolled over three or four times on Ralston Rd. at the edge of the Belmont city limits.

The injured, treated at Community Hospital, are Martin Hanson, 19, of 117 So. Delaware St., San Mateo, and Evelyn Dunn, 21, of 1008 Cabrillo Ave., Burlingame.

They were passengers in a car driven by Robert A. Murphy, 18, of 1038 So. Delaware St., and were returning from the Chamarita in Pescadero. The CHP said four of them were riding in the front seat of the five-passenger coupe.

The lights of an oncoming car blinded Murphy, the officers said, and the car swerved to the right side of the road, struck the curb and rolled over.

Clarence J. Reeves, 48, San Bruno, suffered a fracture of his left knee and various abrasions last night when the pickup truck he was driving was involved in a headon collision with a car on Skyline Blvd. at Sneath Ln. west of San Bruno. Ruth Deaver, 45, San Bruno, and N. O. Hatcher, 26, San Bruno, suffered minor injuries. The driver of the car, Dave H. Deaver, 46, was uninjured.

Merle R. Rude, 37, of San Francisco, and John H. Roush, 53, of Colma, were injured when the cars they were driving collided at Washington and Briggs Sts., Colma, yesterday evening. Mrs. Mildred Rude, 22, also was injured, and all three were treated at Junipero Serra Hospital for cuts and bruises.

A car owned by Donald P. Adams, 19, of San Francisco, burned yesterday afternoon on Bayshore Freeway a half mile north of the Millbrae Rd. intersection. CHP Officer Frank Chevalier spotted smoke coming from the car and attempted to extinguish the blaze with a fire extinguisher. When this failed, he called for the Millbrae Fire Dept. which put out the fire, but the car was declared a total loss. Chevalier said the fire started from a faulty gasoline line.

The CHP early yesterday morning arrested Dolly B. Herrington, 42, a stationary engineer who lives at 682 University Ave., Palo Alto, on a charge of drunken driving. He was picked up on Bayshore Hwy. near San Mateo while driving in an erratic manner.

Dog Training Course Planned

Signups for a junior obedience dog training course sponsored by the Redwood City Optimists Club will be held Wednesday at 4 p.m. at Community Park, according to Mitchell Webber.

The training program, open to boys and girls between 8 and 16 years old is being sponsored by the Optimists in an effort to bring about a better understanding between children and dogs.

Webber said that the training would be in the form of a series of hour lessons on a competitive basis. The children are to be judged on how they handle the dogs and prizes will be awarded. The course is to be free.

Noel Jones of Burlingame, a professional dog trainer and handler will direct the training program, assisted by B. B. Berman and Henry Cruzat, both Redwood City dog breeders.

Webber said that the idea for the junior training course was Berman's and that Berman plans to take up the program at the national Optimist Club convention this year as a possible project for Optimist Clubs all over the country.

Application blanks will be given out Wednesday to boys and girls interested in entering the course, Webber said, and all children must get the permission of their parents before participating.

Webber said that the participants were not to bring their dogs to the opening session Wednesday afternoon.

Trio Denies Circus Crash Charge Here

Atty. Nathan Cohn yesterday entered pleas of not guilty for the three men who face criminal charges as a result of a bleacher collapse which resulted in 69 persons being injured at a Bailey Bros. Circus performance Apr. 6 in Redwood City.

After entering the pleas, Cohn requested a jury trial which was set for June 2 by Police Judge W. H. Thorpe

The complaints charge that the circus violated provisions of the state health and safety code in that:

1. Permanent seats were so arranged that some were more than six seats from an aisle.
2. Some bench seats were more 20 seats from an aisle, and
3. The required 18 inches for each seat was not provided in some cases.

Charged by the city are Robert Stevens, circus manager; Luke J. Murphy, circus fire chief, and Willie Lundy, tent boss.

Thorpe also overruled a demurrer entered by Cohn who claimed that the regulations are unconstitutional in that they represent a delegation of legislative power by the state legislature to the state fire marshal who drew them.

School Bond, Tax Forum Thursday

The $1,250,000 bond issue and proposed 25-cent tax levy on which voters of the Sequoia Union High School District will ballot, May 21, are the topics of the Redwood City Tribune Forum, set for Thursday at 8 p.m. in the supervisor's chambers of the courthouse.

Members of the district's board of trustees, as well as school administrators and faculty members, will be on hand to answer questions pertaining to both issues, according to Walter W. Hilton, secretary of the board.

Louis Weiss will act as moderator and he will direct the question and answer period.

The forum is open to all residents of the Sequoia High School District which includes Belmont, San Carlos, Redwood City, Atherton, Menlo Park, North and East Palo Alto.

San Carlos Firemen Extinguish Grass Blaze

San Carlos firemen Monday afternoon put out a grass fire in a vacant lot at 1357 Cedar St., according to Fire Chief Lyle Clark.

Clark declared that the fire started in dry grass left over from last year. No damage resulted from the blaze.

School Gets Priority On Property

San Mateo County Tuesday relinquished its claim to the Pt. Montara Anti-Aircraft Training Center, most of which is to be disposed of as surplus property, in behalf of the Montara School District.

The board of supervisors voted Tuesday morning to withdraw the application it has filed with the War Assets Administration for the property.

The board acted after it was informed that the first priority on the 15-acre property and the camp buildings was for school purposes.

The coast guard has indicated that it wanted the part of the installation lying to the west of Coast Hwy., and comprising about three or four acres.

The school district thus may get the greater part of the installation, which is estimated to have cost the government in excess of a million dollars, for nothing or for a nominal price.

Planning Architect Frank Skillman said that the property to be acquired includes a large mess hall, six two-story buildings, a garage, a storage warehouse, other outbuildings, a boiler room, and a water system with a 75,000-gallon tank.

The Montara School Dist. trustees, Skillman said, are willing to turn over to the county buildings and equipment which cannot be used for school purposes.

The supervisors have discussed the possibility of using the boilers in connection with some of the county's institutions, and the water system for the Half Moon Bay Flight Strip.

The water system includes about two miles of standard eight-inch pipe running to the airport.

D.A. Aide Hurt In Auto Collision

Dep. Dist. Atty. Henry Davis and Dr. Walter Rogers of San Carlos were injured last Friday night in an automobile collision while returning from a Nevada fishing trip, Davis reported today.

A third member of the fishing party, Stephen Geletko, San Carlos merchant, was uninjured.

Dr. Rogers suffered at least 20 cuts when he was thrown through the windshield of the station wagon Davis was driving, the deputy district attorney said.

Davis himself suffered injuries to his ribs, left knee and face. His face was burned by a chemical from the hot-water heater.

Civil Service Group Urges County Hold Present Wage Levels

The San Mateo County Civil Service Commission has announced that it is recommending to the board of supervisors no blanket increase for county employes for the start of the 1948-49 fiscal year.

Personnel Director Russell J. Cooney said that salaries apparently are in line at the present time except in six job classifications, but that there was no way of knowing whether living costs would necessitate additional pay boosts later on in the year.

The commission, at a special meeting late yesterday, recommended to the board that 13 employes of a total of 750 under civil service at present be given pay increases approximating 6 per cent of their salaries.

Cooney said that the recommended increases would raise next year's budget by about $2500, which is one-tenth of one per cent of the year's total salary budget.

"The salary survey recently completed does not indicate that a general increase for all employes is in order," the commission stated. "The general 6 per cent increase which the county gave all employes last Jan. 1 brought county scales in line with what most other firms and governmental agencies are paying for similar types of work in this area."

San Bruno Man Denies Raping SF Woman, Trial Ordered

Jareld E. Evans, 34, 1293 Jenevein Ave., San Bruno, pleaded not guilty Monday afternoon in superior court to charges of rape and sex perversion.

Superior Judge Edmund Scott set May 24 as the date for trial.

Evans, a real estate salesman in Burlingame, is accused of attacking a 34-year-old San Francisco woman, Mrs. Magnhild Wood, in his parked car in San Mateo, Mar. 25.

In another case heard in Judge Scott's court, Auguste Lieutard, 32, of 753 Farringdon Ln., Burlingame, pleaded guilty to a felony drunk driving.

He will be sentenced May 24.

Lieutard was arrested Mar. 21 by San Mateo police, after his car had been involved in an accident on El Camino Real at Baldwin Ave.

Police said his automobile swerved over the double line and crashed head-on into an automobile driven by Edwin R. Christenson, 32, of San Francisco.

Christenson, his wife and their two small children were injured in the collision.

Sam Watts, 57-year-old vagrant, was sentenced by Judge Scott to a prison term in San Quentin.

He had pleaded guilty to a charge of lewd and lascivious conduct in connection with a 5 year old San Bruno girl.

Watts' police record shows 38 arrests since 1918, 22 of them listed as sex offenses.

In Superior Judge Aylett R. Cotton's court Monday afternoon, Robert F. Gibree, 24, pleaded not guilty to a grand theft charge.

He will be tried May 18.

He is accused of stealing $200 worth of jewelry and other items Mar. 18 from the home of Mrs. R. W. Stein, 1907 Carmelita Ave., San Carlos.

Judge Cotton continued the case of Roger Riguero, 20, San Francisco furniture finisher, one week for arraignment.

Injuries at Port Bring Suit Here

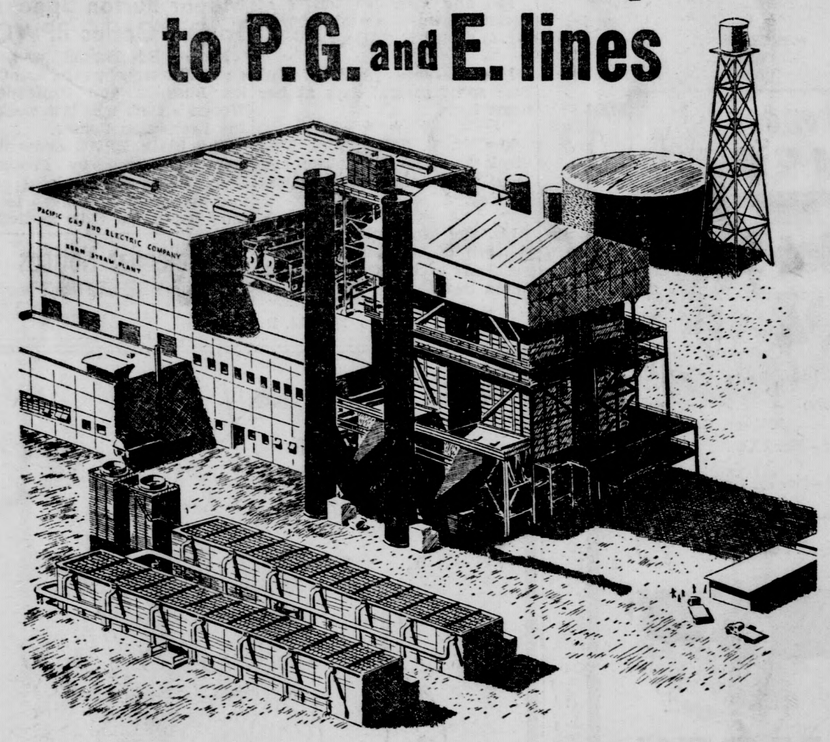
A former seaman aboard one of the Permanente Steamship Corp. vessels Tuesday filed suit in superior court as a result of injuries suffered while his ship was unloading at the port of Redwood City.

Carl E. Gabel charged that the steamship company was negligent in the manner in which the ship was unloaded and asked $30,000 damages.

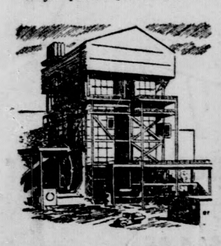
He stated that a large piece of gypsum rock struck his head, fractured his skull and caused other injuries on Feb. 20 when the Permanente Silverbow was unloading.

He had been sent into the hold to knock loose rock which had not been picked up by the conveyor machinery, Gabel stated. The company, he said, did not follow its usual method of unloading, in which a seaman rides the load down to knock off rock from the sides of the hold.

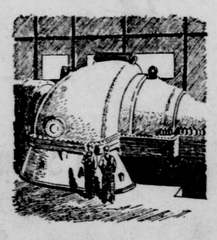
New Kern plant adds 101,000 horsepower to P.G. and E. lines



Last week, the first giant generator of P. G. and E's new Kern Steam Plant near Bakersfield, began turning out 101,000 electrical horsepower for Northern and Central California. Another and still larger generator will be completed later. This is the 70th major power plant in P. G. and E's system... already one of the nation's largest... and the first major unit in a $400,000,000 postwar program to add nearly two million horsepower in generating capacity. Other plants are on the way, some nearing completion. Construction is going full speed ahead all along the line.



Four towering boilers, a full eight stories high, produce superheated steam that makes generators whirl. 40 freight cars of material went into each boiler. They burn either gas or oil to make steam at 935°F. — four times as hot as that from your teakettle. It's sent to the turbines under tremendous pressure.



A mighty package of power... this generator is the heart of Kern. It was ordered originally in 1941, re-ordered after V-J Day and received only this year. Beneath its hood, the precision-made generating unit turns at 1800 revolutions per minute, pouring out new electrical energy for homes, farms and factories.

for the record
The first Kern unit produces enough power to serve Berkeley and San Jose
Tons of parts were brought in by plane to speed construction
steam output of the 4 Kern boilers would run 21 giant freight locomotives at full speed

Work never stops on our power-building program

RE-ELECT

STATE SENATOR

HARRY L.

PARKMAN

(Twenty-first district)

- State Senator Parkman has been a FAITHFUL AND EFFICIENT legislative representative of San Mateo County taxpayers at the State Capitol. He represents ALL of the taxpayers.
- He has sponsored and supported all legislative bills and measures BENEFICIAL TO SAN MATEO COUNTY AND ITS PEOPLE.
- He has been the proponent of improved State Highways for San Mateo County; active in diverting to this county ITS SHARE OF TAX REVENUES.
- He has been a LONG TIME RESIDENT AND TAXPAYER of San Mateo County and as such is FULLY ACQUAINTED with its needs and civic problems.
- Let's keep an EXPERIENCED LEGISLATOR on the job by re-electing SENATOR HARRY L. PARKMAN AT THE PRIMARIES.

ELECTION, TUESDAY, JUNE 1, 1948

Local Delphian Society Installs Mrs. Norman Sherwood as President

Mrs. Norman E. Sherwood was installed as president of the Alpha Alpha Chapter of the Delphian Society of Redwood City when the group met Tuesday at the home of Mrs. Harold E. Simpton at 511 Eighth Ave.

Other new officers installed with Mrs. Sherwood were Mrs. Dwight O. Johnson, vice president; Mrs. Walter E. McCune, secretary; Mrs. George H. Kuhn, treasurer; Mrs. Harold E. Simpton, Mrs. W. H. Pfafflin and Mrs. John T. Boucher, seminar board, and Mrs. Harry A. Greene Jr., publicity.

Outgoing officers are Mrs Thomas E. Greene, president; Mrs. Norman Moore, vice president; Mrs. Stanley C. Kelly, secretary; Mrs. David Achzuger, treasurer; Mrs. Kenneth Brooks, Mrs. Park Q. Wray Jr. and Mrs. William Miles, seminar board.

Following the installation of officers Mrs. Green was presented with an azalea plant in appreciation for her work as president of the group.

Mrs. Sherwood and her new staff of officers met recently at her home to discuss the program for the coming year. This program was presented to the members at the installation meeting.

The group's next meeting will be held on May 25 at 10 a.m. in the Redwood City Woman's Club.

CALIFORNIA COURT ORDER OF AMARANTHS will hold a public card party tomorrow night at 8 o'clock in the Burlingame Masonic Temple. Refreshments will be served.

Mrs. Larry Spence Wins Junior Matrons' Bridge Tourney

Mrs. Larry Spence was winner in the San Carlos Junior Matron Bridge Tournament, which had its final playoff luncheon on Tuesday.

Mrs. George Greaves and Mrs. Richard Skinner placed next as runners-up.

The final luncheon and playoff was held at the home of the chairman of the tournament, Mrs. George Lampman, with cochairman, Mrs. M. V. Farina, and Mrs. James V. Hickox acting as cohostesses. Mrs. Donald Kinsley was also a cochairman of the tournament play.

Tuesday's luncheon was the conclusion of the bridge tournament in which 80 women took part. Each player was routed so that she played with some 50 or 60 other players during the tournament, which started in February.

Purpose of the tournament was twofold, according to Mrs. William Cooley, president of the Junior Matrons. One aim was to allow the participants to become better acquainted, furthering the club's theme for the year, "friendliness."

Artistic Table Settings Featured At Annual Spring Luncheon of WSCS

Ingenuity and artistic taste in table settings was displayed yesterday afternoon at the annual spring luncheon given by the Women's Society of Christian Service of the First Methodist Church.

A spring theme was used as a central decorating motif and the hall of the church was decorated to resemble a bird cage with a giant multicolored paper parrot on a swing hanging from the center of the ceiling.

Each hostess, at the dozen or so tables, created her own central theme about which she decorated. The hostesses supplied their own flowers, linen, candles and holders, silver and china.

Some fine old china tea cups and heirloom sterling spoons were used at several of the tables.

One table was done in gold. Gold knives, forks, spoons, gilded nut cups and gilded creamer and sugar with a centerpiece of deep purple iris and matching corsages at each place were used in the setting.

Another table was set with a Hawaiian motif. The centerpiece was a large mirror surrounded by sand, small outrigger canoes and sea shells. A color scheme of orange and green was used and orange leis were set at each place.

One table setting was based on the theme "Apples." The centerpiece was a small tree hung with imitation apples and real apples served as holders for tall white candles. The cups and saucers on the table were also painted with apples. The lace cloth used at this table was made by the members of the WSCS.

Mrs. John Furnas was general chairman of the affair. Hostesses were Mmes. Furnas, Laurence Scott, Virgil Reed, Carl Dillon, Kenneth Sanders, Charles Ortman, Ramon Dimick, William B. Braun, Charles Finn, James Dodge, Donald Bogie, N. H. Hart, William Coombs, William Rogers, Richard Estes, J. C. Stabence, Maren Noble, Paul Schneider, Addison Hall, Thomas McKay, John Babcock, Nellie Reeder, Harold Johnson, John Peters and Carl Peter.

Greeting guests at the door were Mmes. J. C. Stabence, Virgil Reed, Ronald White and Cecil Duncan.

Mrs. Hugh Ehrhard played selections on the organ before the luncheon.

Following the luncheon a program was presented by Merle Tillman who sang two songs accompanied by Marjorie Coykendall; Shirley Hardman of Burlingame who did two monologues; Avanell Tarmann who gave a harp solo and Edward Crossley who played a piano solo. Miss Tarmann and Mrs. Crossley closed the program with a duet on the piano and harp.

The following girls served the luncheon: Dolores Dillon, Joan McFarland, Joanne Berglund, Pat Henderson, Adele Henderson, Pat Kelly, Cherry Tanner, Sheila Feusier, Betty Schmitz, Ruth Reed Gass, Merle Tillman and Peggy Bauer.

News About Pescadero People

Mrs. Jay Steele, Mrs. George Elliot and Mrs. Lyle Ballard are in Sacramento attending the Parent Teachers Convention.

★ ★ ★

Mr. and Mrs. Derrick Lane of Santa Cruz were Sunday guests of Mr. and Mrs. Jack Fugerson in Butano Canyon.

★ ★ ★

Mr. and Mrs. Graham McCormick have a new son who was born last week in Mills Hospital. The McCormick's also have two daughters and another son.

★ ★ ★

Mr. and Mrs. E. T. Gave of San Francisco spent the weekend at their Butano cabin.

★ ★ ★

Mr. and Mrs. Jerry Resetar and sons of Watsonville were the Sunday guests of Mr. and Mrs. N. E. Steele.

★ ★ ★

Mrs. B. J. Blaisdell, Mrs. L. Stevens and daughters of Santa Cruz visited Mrs. Frank George on Sunday and she accompanied them to the I. C. Steeles for a visit. During the week the Steeles entertained Mr. and Mrs. Edward Weeks of Santa Cruz for a few days.

★ ★ ★

Mr. and Mrs. John Garcia of Santa Clara spent the weekend with Miss Louise Enos at her home here.

★ ★ ★

Mr. and Mrs. W. Workman of Oakland are the guests of Mr. and Mrs. W. F. Steele at their Green Oaks Ranch.

★ ★ ★

Mr. and Mrs. Joe Duarte of Berkeley spent the weekend with Mr. and Mrs. F. E. Duarte.

★ ★ ★

Mrs. Clarence Woods of San Jose spent several days at her home here.

★ ★ ★

Mrs. N. E. Steele, Mrs. Tom Steele and twin sons, Tim and Tom, were Santa Cruz visitors Monday.

★ ★ ★

Mr. and Mrs. Rollin Ray and children of Oakland spent the weekend with Mr. and Mrs. Anton Davis.

★ ★ ★

Mrs. H. A. Trimble, Mrs. M. R. Mattei and Mrs. Larry Duc are in Long Beach attending the Rebekah convention. Mrs. Trimble is a past grand president and is currently president of the President's Assembly and financial secretary for the Rebekah's and Odd Fellow's Home. While Mrs. Trimble is away, her daughter, Mrs. Richard Taylor of Redwood City and her small son are staying with Mr. Trimble.

★ ★ ★

Mr. and Mrs. Warren Marlowe of Santa Cruz, Mr. and Mrs. Donald Cabral and daughters of Palo Alto and Mr. and Mrs. Frank Dias of San Jose were weekend guests of Mr. and Mrs. Joe Machado.

★ ★ ★

Mr. and Mrs. Walter Moore spent Sunday with Chief Deputy Sheriff and Mrs. Walter Moore in Redwood City.

★ ★ ★

Mr. and Mrs. Phil Travers and Mr. and Mrs. Steve Keilty of San Francisco spent the weekend in Butano with Mr. and Mrs. A. T. Enos. Mrs. Enos returned to San Francisco with them Sunday evening.

★ ★ ★

Guests of Mr. and Mrs. J. E. Cabral during the past weekend included Mr. and Mrs. J. Banman and children, Joyce and Gerald from Sacramento, Mr. and Mrs. Merritt Grimes of Los Angeles, Peter Connley and Bob Stohl from Pasadena and Miss Dolores Nelson, who is a hostess on the Constellation.

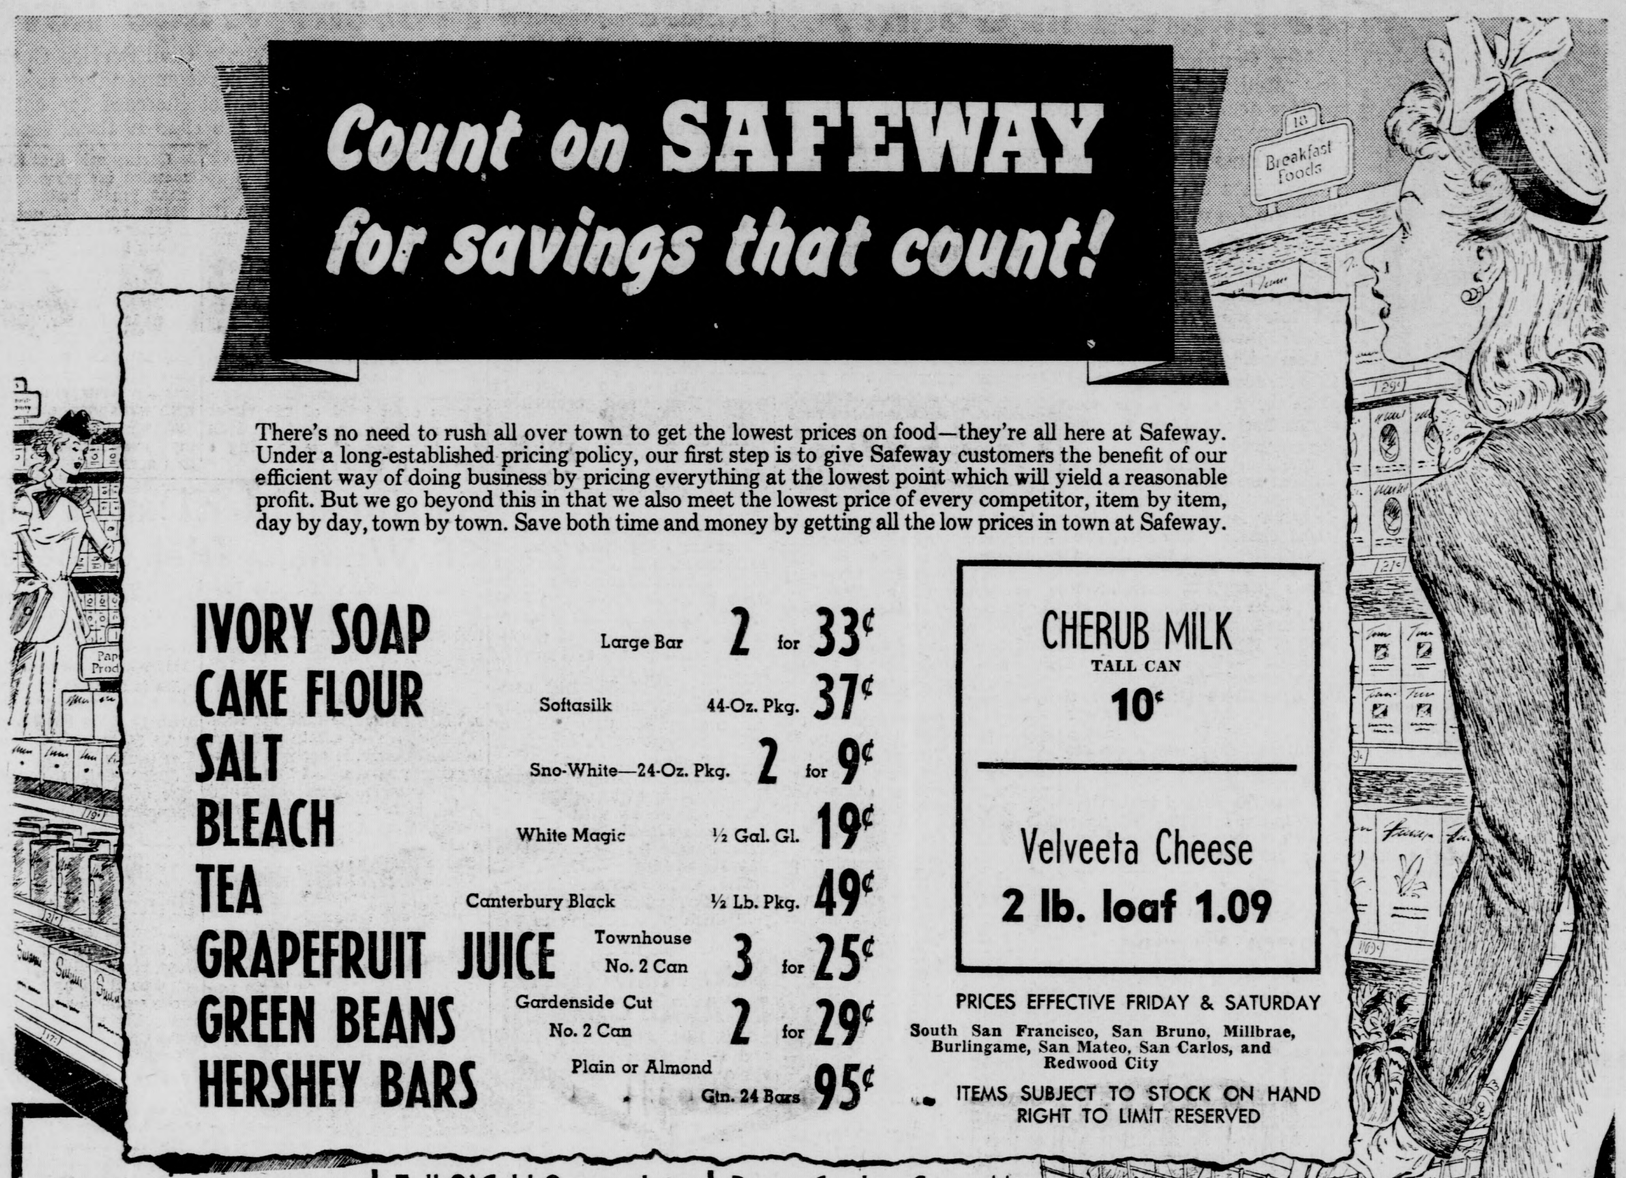
Mayor Burton Speaks To San Carlos BPWC

Mayor Ed Burton was the guest speaker when the San Carlos Business and Professional Women's Club met last week at the Recreation Center.

The State BPWC convention was announced by President Dolly Dixon of the local club, and members were urged to attend the Santa Cruz gathering.

Calendar Notices

FRI., MAY 14, and SAT., MAY 15. Rummage sale given by Sequoia Service Club at 1738 El Camino Real, Redwood City.



There's no need to rush all over town to get the lowest prices on food—they're all here at Safeway. Under a long-established pricing policy, our first step is to give Safeway customers the benefit of our efficient way of doing business by pricing everything at the lowest point which will yield a reasonable profit. But we go beyond this in that we also meet the lowest price of every competitor, item by item, day by day, town by town. Save both time and money by getting all the low prices in town at Safeway.

Lucky — IT'S THE TOTAL YOU SAVE THAT COUNTS

WANT TO TRIM YOUR FOOD BUDGET? This week-end... try doing *all* your shopping at your nearby Lucky store. We think you'll be surprised at the low prices of *all* Lucky items... not just a few specials but *overall* prices, day in and day out. That's important—because *it's the total you save that counts!*

MEAT PRICES EFFECTIVE THURSDAY, FRIDAY, SATURDAY, MAY 13-14-15

TOP QUALITY MEATS Lucky-Trimmed TO SAVE YOU MONEY

PRIME CHOICE STEER

RIB ROAST

Mmm! Here's the "heart of the roast," ready to pop into the oven. And that's *all* you pay for at Lucky ...*not* the short rib end (1), or the excess part of the heavy chine bone (2).

69¢ lb.

GENUINE SPRING

LEG OF LAMB

Here's that tender, juicy leg of lamb the family loves—and *all* good-eating. Lucky trims off the long part of the shank bone (1), and excess fat along the side (2)... *before* weighing.

73¢ lb.

T-BONE STEAK OR PORTERHOUSE

CHOICE STEER

You get more tender steak per pound at Lucky. We cut away the excess bone and gristle at the top of the steak (1)—the excess fat (2)—the tough, stringy end (3). And if you're ever not satisfied, we'll refund *double* what you paid!

89¢ lb.

More good eating... more real meat per pound. That's what you get with Lucky's Grade AA and Grade A meats. Finest quality to begin with, we *close-trim* them... cut away excess bone, fat, and scraggly ends... *before* weighing. You're sure of the most fine meat for your money. And *double* money back if you're not completely pleased.

FISHERMAN'S MENU

Barbecued Baked Salmon
Oven Potatoes — *Green Bean Bundles*
Salad of Mixed Greens — *Rye Bread*
Butter or Margarine — *Western Coffee Cake*
Milk — *Tea or Coffee*

YOU'LL DOTE ON SUNSET'S EASY MAIN DISH

BARBECUED BAKED SALMON

4 slices bacon — 1½ pounds salmon — Salt and pepper
1 medium-sized onion, chopped — ½ cup chopped green pepper
2 tablespoons butter or margarine
1 cup cooked tomatoes — 1 bay leaf
1 teaspoon Worcestershire sauce

Place bacon slices in bottom of shallow baking pan. Arrange salmon on top; sprinkle with salt and pepper. Cook onion and green pepper in butter until soft. Add remaining ingredients and cook 5 minutes. Remove bay leaf; pour sauce over salmon. Bake uncovered in a hot oven (400°) 25 to 30 minutes, or until fish is tender. Baste frequently with sauce. Makes 4 servings.

City Planners Give Partial Approval to Woodside Rd. Subdivision

The Redwood City Planning Commission was on record today as refusing to approve any additional subdivision until provision is made in them for adequate recreational and school facilities.

The commission stand was made known when a tentative map for Woodside Acres, a M. J. King, Inc., subdivision along Woodside Rd. was submitted.

Commissioners, led by Joseph Territo, balked at giving tentative approval because no land had been set aside in the tract for either recreational or school land.

The commission finally decided to grant tentative approval to one section of the tract on the conditions that the final subdivision map be submitted to the commission for approval, and that at that time some guarantee of recreation and school land be made.

The tract in question was formerly owned by the Land Development Co. and was part of the Redwood Terrace plan which had included promises of recreational and school lands.

The part approved covers approximately 100 of the lots in the 500-lot track planned by the King firm.

The commission also:

Set May 24 as the date for a public hearing on an application by F. S. French for a use permit to install a trailer court at the foot of D St. near the Pulgas Line.

Set a second hearing for June 14 on the request of Francis Cassaretto that land she owns at Hudson St. and Woodside Rd. be rezoned from second residential to fourth residential and commercial.

Opposition to this request was led by Earl Morgan, 1611 Oxford St., who said he wanted the land to remain as residential. He asked what the owner intended to do with the land and was told by Planning Consultant Lawrence Wise that a rest home was planned there, Wise pointed out however, that a use permit would be necessary for such an institution even if the land was rezoned.

Postponed a decision on a request by Ruth Lehmer that a 65 foot by 290 foot lot she owns at 1076 8th Ave. in Friendly Acres be resubdivided.

Granted Joseph Bevilockway a use permit to operate a tire recapping plant at 336 El Camino Real.

Recommended that the city council resubdivide a lot owned by M. J. Castagnola. The lot adjoins 1560 Kentfield Ave. and is on the north side of Woodside Rd.

Denied a request by Elmer Hartsough that a lot be resubdivided at 160 Hillview Ave.

Decided to hold a public hearing on the application of the Calvary Baptist Church for permission to erect an educational building at Hudson St. and Redwood Ave.

Recommended that the city council change the name of Hampton Ct. and Louisiana St. to Hampton Ave.

If a woman hasn't an inborn sense of knowledge about her duties as a wife and mother, she can't learn them in college.—Mrs. Calvin Coolidge.

I love my enemies, but they don't all love me—James C. Petrillo, president, American Federation of Musicians.

He Weeps Any Way He Takes It

JANSEN, Neb. (AP) — Burglars did a better job of timing their work than did the alarm system at the Arthur J. Friesen Drug Store here. One of the system's tear gas bombs accidentally exploded so Friesen decided to disconnect the system until it could be inspected.

A few days later, while the system still was inoperative, burglars raided the store. The loot included 21 cases of liquor.

Safeway Trims It *Before* Weighing

...SO YOU SAVE MONEY

We'll give you 2 Legs of Lamb
(they won't cost you a penny)
if ever you get a SAFEWAY Leg of Lamb
not trimmed this money-saving way*

LONG PORTION OF SHANK BONE (which "weighs up" heavy) removed by Safeway before we weigh your leg of lamb on the market scales. It gives you a roast that cooks and carves better

EXCESS FAT ON SIDE OF ROAST is trimmed off by Safeway before weighing ... another extra step that gives you more good-eating lamb meat for your money

It means more tender, juicy meat in every pound you pay for...*a bigger value for your meat dollar at Safeway!*

YOU SEE ABOVE how Safeway removes the shank bone and excess fat from legs of lamb *before* weighing. And the test-purchase report presented here shows you how important it is to compare trimming as well as price.

We prepare other cuts in similar fashion — each one according to its special requirements. This waste-free cutting is part of Safeway's Guaranteed Meats plan. We *regularly* trim our meats this way.

When you compare meat prices, remember that Safeway's prices always are on the TRIMMED cut, free of excess bone, waste and fat, ready for cooking.

If ever you're not satisfied that the meat you buy at Safeway is trimmed the money-saving way we say, just show it to the manager of the Safeway store where you bought it. If your Safeway leg of lamb (for example) is *NOT* trimmed as shown above—you get *TWO* legs of lamb without a penny's extra cost *(and without quibble or argument!)*

Safeway buys nothing less than the top government grades of beef (all beef sold at Safeway is U.S. Government graded) ... nothing less than the top grades of lamb, pork and veal. More. We hold our meats the full number of days needed to bring out peak flavor and tenderness. And we safeguard their goodness with exact temperature controls.

Come prove for yourself — there's more good-eating at less cost in Guaranteed Meats from Safeway!

Test purchases by Independent Bureau show you can save money on meat

We asked an independent research organization to check methods of trimming meat here.

And we secured proof that it pays you to check trimming as closely as you check price when buying meat.

In 201 representative markets in this area where they bought meat they found a great variation in the way meat is trimmed.

In 88% of the markets other than Safeway, legs of lamb purchased were not trimmed before weighing.

Had the legs of lamb been first trimmed and *then* weighed (as Safeway does), the average saving would have been 7¢ per pound. Actually, customers of some of these stores would have saved amounts up to 13¢ per pound.

This survey shows unmistakably that thousands of housewives in this area are paying regular meat prices — which are high enough these days, goodness knows — for waste that is thrown away!

- ***Example:*** **For legs of lamb purchased UNTRIMMED shoppers paid an average of over 42¢ more per 6-lb. roast than if these roasts had been trimmed BEFORE weighing. In some markets as much as 78¢ more.**
- ***Example:*** **For rib lamb chops purchased UNTRIMMED shoppers paid an average of over 18¢ more for six chops than if these chops had been trimmed BEFORE weighing.**
- ***Example:*** **For rib roasts purchased UNTRIMMED shoppers paid an average of over 54¢ more per 6-lb. roast than if these roasts had been trimmed BEFORE weighing.**
- ***Example:*** **For T-bone steaks purchased UNTRIMMED shoppers paid an average of almost 22¢ more per 2-lb. steak than if these steaks had been trimmed BEFORE weighing.**

Wherever you buy meat you are entitled to money-savings that result from proper trimming of each cut before it is weighed. *Insist that your butcher trim this way. If he refuses, why not buy at a market where this kind of trimming is done?*

SAFEWAY GUARANTEED MEATS

*This offer effective at all Safeway markets in this County

OFFER "FINER CANNED AND FROZEN FRUITS"

1948 EDITION OF BOOK IS FREE!

Tells How to Get Better Flavor, Color, Texture

Make one easy change in preparing your canning and freezing syrups—and get finer flavor, color and texture than ever in fruits you put up.

The secret, tried and proved by thousands of women, is fully described in the big, FREE 1948 edition of "Finer Canned and Frozen Fruits."

This famous book also gives:

Canning and freezing directions for fruits, berries, marmalades, conserves, jams and jellies.

Recipes for tomato juice, grape juice, pickles and chili sauce.

Interesting and different ways to serve the fruits you put up.

In fact, everything a beginner should know, PLUS tips for experts.

W. Paul Whaley, Palomar Park, disaster; Capt. Ed Wickstrom, Menlo Park, first aid; Mrs. Polk Dodson Jr., Menlo Park, home service committee; Mrs. Harvey Hall, Redwood City, Junior Red Cross; Mrs. Frederick West, Menlo Park, vice chairman, Junior Red Cross.

Mrs. W. H. Mattson, Palomar Park, nutrition; Mrs. Grey M. Lusty, Redwood City, public information; Clyde Devine, San Carlos, water safety; Mrs. D. H. Chapman, Redwood City, home nursing; Mrs. John Blackinger, Atherton, coordinator.

Mrs. James L. Rogers, Menlo Park, volunteer services; Mrs. Paul Surber, Redwood City, vice chairman, volunteer services (new appointment), and Mrs. Frank Heathman, Woodside, recruitment, referral and training (new appointment).

Named chairmen of subcommittees under volunteer services were Mrs. Miles Weeks, Menlo Park, motor service; Mrs. Richard Schmidt, Atherton, social welfare aides; Mrs. Ronald Campbell, Redwood City, arts and skills; Mrs. Heathman, production; Mrs. Holbrook Bonney, Menlo Park, supply service; Mrs. William Baxter, Woodside, staff aide service, and Miss Frances Flynn, Redwood City, vice chairman, staff aide service.

During the war, Mrs. Baxter serviced as fund chairman, public information chairman and secretary.

Two appointments were made to the executive board, bringing the total on the board to 20. Named were Mrs. Rogers and Mrs. Chapman. Mrs. Hall, Mrs. Dodson and Whaley are members of the board by virtue of their committee chairmanships. The other 15 members were elected at the annual meeting late last month.

Louis B. Dematteis is chapter chairman.

Plans were discussed on how to raise the $1200 the chapter is short of its $38,000 goal.

RC Weed-Cutting Begins Today

Redwood City employes were scheduled to start their annual weed cutting today, R. E. Pontow, assistant city ngineer said.

By terms of the annual weed abatement ordinance, the city will cut any weeds it finds on any properties and bill the owner.

Pontow warned that although a large number of property owners had already cut over vacant plots they have neglected to cut weeds in alleys and along streets. These weeds are also the responsibility of property owners, he pointed out.

George Doyle Quits Belmont Police Dept.

Belmont Police Chief Stanley Botto announced Tuesday he had asked for the resignation of Officer George Doyle at a special meeting of the Belmont Police Commission called Monday night.

Botto said that Doyle, a navy veteran who had been appointed to the department a year ago, had turned in his resignation effective immediately.

The chief said he had asked for the resignation because Doyle recently had "talked back" to him.

Junior Chamber Installs Officers, Names 'Man of Yr.'

Richard Harris and George Robertson shared the spotlight Saturday night when the Redwood City Junior Chamber of Commerce held its installation dinner-dance at the Pioneer in Woodside.

Harris was installed as president, and Robertson was named "Man of the Year in Junior Chamber."

Harris is manager of the Palo Alto office of the California Title Insurance Co. Robertson is a Redwood City insurance agent.

Others installed included: John P. Stegeman, classified advertising manager of the Redwood City Tribune, vice president; Roland Lampert, co-operator of Redwood Nash, secretary; Robertson, treasurer, and David Schutz, Carl Ferrell, and Larry Hatlett, directors.

Outgoing officers included Schutz, president; Harris, vice president; Robert Dell'Ergo, secretary; Victor Olownia, treasurer, and John Mack, Joseph Gonzales, and Jack Reynick, directors.

Schutz was presented with a past president's pin as outgoing officer by J. Roger Deas, former state junior chamber president, who acted as installing officer.

Entertainment was provided by the Bean Sisters, Lois and Betty, who sang and played their guitars.

Jack Dunlap was master of ceremonies. He was assisted on arrangements for the dinner by John Mack, John Ryan, and Fred Silvey.

Floyd McCue, a past president of the group, outlined the history of junior chamber in Redwood City. The organization is celebrating its 10th anniversary this month.

—Tribune Photo

INSTALLED — Richard Harris (above) was installed Saturday night as president of the Redwood City Junior Chamber of Commerce. In his first official act he will lead the Redwood City delegation to San Francisco this Thursday for the state convention.

SM County Begins Mailing 94,000 Sample Ballots

The election registrar's office in the basement of the courthouse Thursday became a post office as a highly-expanded staff started to mail out the first of some 94,000 sample ballots in readiness for the June 1 election.

A staff of 80 persons, only six of them full-time employes of the election department, began stuffing the sample ballots into envelopes under the supervision of County Clerk William A. Augustus and Election Registrar Russell J. Patterson.

The work is expected to take at least three days, and the sample ballots will fill about 75 mailbages.

San Mateo County's election registration reached the new peak of 94,000 this year. California, to which many new residents have flocked, registered a total of 4,630,057 for the June 1 election—also a record.

In the state, 2,664,985 persons registered as Democrats and 1,750,082 as Republicans.

Each envelope mailed out by the election registrar's office during this weekend contains the proper sample ballot, the location of the voter's polling place, a list of delegates to the national Republican and Democratic conventions, and list of candidates to the county central committees.

There are ballots of four parties, Democratic, Republican, Independent Progressive, Prohibitionist, and one ballot for nonpartisans. With five supervisorial districts in the county, there are a total of 25 different kinds of ballots, each of which must be placed in the right envelope.

The county has been divided into new precincts this year, or old precincts broken up so that there now are a total of 429, nearly 100 more than in 1946. However, some of the precincts are so large that two or three election boards have had to be set up, in effect further dividing the precincts.

There will be 458 election boards, checking voters at June 1 election. In the Stanford Village area, three boards were set up in on precinct, since there are 650 registered voters. In the Lindenville housing project, South San Francisco, three boards also will be used for the 865 voters.

Patterson said that 27 other precincts will have two election boards each.

N. F. Sharkey Appointed To SC Council

Newell F. Sharkey, former president of the San Carlos Chamber of Commerce, Wednesday night was unanimously chosen by the San Carlos City Council to fill the vacancy on the council left by the resignation of Truman S. Waterman.

After Waterman's resignation was accepted by the council, John Kemp nominated Sharkey. No other nominations were made.

The new councilman served as president of the San Carlos Chamber of Commerce in 1946 and is at present a member of the chamber's board of directors. He has lived in San Carlos for 21 years and operates a service station in that city.

Sharkey is a captain in the San Carlos Vounteeer Fire Dept, and a past president of the San Carlos Lions Club. He lives at 438 Vista Dr.

Waterman, who had been on a six-month leave of absence from the council, recently tendered his resignation on the grounds of ill health.

San Carlos firemen last night won a year and a half long fight for a salary scale equal to that of the police department. The salary increase was voted after Councilman Walter Moltke reported that a survey of other Peninsula cities showed that there was no difference in police and fire scales in any of the cities.

The council then voted $15 a month wage increases to members of the paid fire department and to Fire Chief Lyle Clark.

Action towards allowing all-night parking on San Carlos streets was taken last night by the council, which voted to have an ordinance drawn up amending the present parking ordinance.

Moltke declared that the police department has received a large number of complaints about the present regulation which prohibits parking on city streets after 2 a.m. He said that many people have two or more automobiles on a steep driveday and find it necessary to park at night on the street.

A letter from P. F. Marbourg asking for the repeal of the parking regulation was read. Marbourg stated that there are many cases in the city of forced violations because of two cars in one family.

Fred Drake, representing the city planning commission, presented a proposed plan for an overpass at Fifth Ave. Belmont, as an alternative to a state highway plan for a clover leaf on Bayshore Hwy. at Holly St.

San Carlos Ready to Go Western

Horses took the right of way in San Carlos and Redwood City Wednesday noon when the San Carlos Lions toured the two towns on horseback to advertise their Western Night Saturday at Racho San Carlos.

Horseman Sam Kirkes, chairman, reported that there is an old law which gives horses and horse drawn vehicles the right of way in traffic. "We don't know whether anyone else knows it or not," said Kirkes, "but we aim to drive these ponies right down San Carlos Ave. and up Broadway." And so they did!

In bright western garb and with much fanfare, the Lions gathered around their seven horsemen and a large chuck wagon from Rancho San Carlos, formerly HH Ranch, where food was dispensed.

San Carlos Ave. between Laurel and El Camino was the center of the western atmosphere, with policemen properly mounted on horseback to direct traffic around the day's revelers.

Lion Newell Sharkey was master of ceremonies for the noon festivities and from his stand in the chuck wagon, he called out to passers-by and various merchants, attracting attention.

Horsemen were Sam Kirkes, Dean McHan, Bill Scheller, Ben Tanklage and son of Redwood City, E. S. McDuffie, and E. J. Mathieson.

The public is urged to attend the Saturday night festivities of the Lions at Rancho San Carlos, "Where the pavement ends and the West begins," according to Kirkes.

"We'll start at 8 p.m. and last until—," Sharkey announced, "and we can really let ourselves go out there in the sticks, with no neighbors to object."

Guests will come in "fun clothes," and dance to the western music of Armando and Mac. There will be games, "of tiddly-winks, old maid, and whist," according to Lion Sharkey.

RC, SC Lions Trek To San Francisco

The Redwood City and San Carlos Lions Clubs tonight will travel by bus to San Francisco to hold a joint meeting with the North Beach Lions Club of San Francisco.

GARDEN: Be Very Cautious In Using Fertilizer on Soil

BY ROLLY LANGLEY

When you're adding fertilizer to the soil, please be cautious. Excessive doses can be fatal to your season's prospects. And when you're using an alkaline material, remember that an excess will stop all plant life. In the same vein, materials to acidify the soil can also be toxic in abnormal amounts. With the neutral materials you can be more liberal of course.

"Max Gross of Albany must have forgotten this danger, I gather from his letter: "For the second year I planted vegetable seeds last February in the back yard. In both cases, I first added sheep manure and ashes from the in cinerator to the soil. The result is that many of the strawberry plants have died down and some more are wilting. The vegetables did not even start to show.

"Do you think that the application of ashes, wood and paper mixed, or of the sheep manure, have caused the trouble? If you think so, what shall I do about it? What should I do with the strawberries which I still have?"

Unless the sheep manure is well-rotted, this material can get too hot for plants as it starts to decompose. Ashes are alkaline, containing up to 40 per cent or more of calcium. I believe in this case the soil was made too "hot" for plant roots. The rootlets were probably burned off as the seed started to germinate. The strawberries couldn't make a go of it either. I'd certainly remove the remaining berry plants and put them in good fresh soil. Enrich it with well-rotted manure and sand. Don't use any ashes at all.

That reminds me of something quite different. A manufacturer of insecticides has now come out with a multi-purpose dust of which they proudly say: "Your plants look just as natural after dusting as before. (Our product) deluxe is gray in color. None of that "flour" look any more." Which makes one wonder how many plants look more natural in gray. Seriously, however, the new multi-purpose dust kills on a high percentage the insects which normally attack in the garden . . . contains two ingredients lately proven highly successful . . . effective . . . Dianisyl Trichloroethane and the Gamma Isomer of Benzene Hexachloride.

I wonder why the chemists who come out with insecticides don't give names like the soap and detergent companies do. Here are some free suggestions: Wham, Whip, Zud (backwards thisaway, it could be the name of a product which would make a white fly hit the deck with a Zud.) . . . Nox, Nix, Keel . . . And I've always thought somebody ought to come out with a product called "Pew." Maybe insecticides are the spot for it. . . Better for dehydrated garlic.

Mrs. Anna M. Baer of Sacramento sent in for some information, including a self-addressed stamped envelope. So she gets a free packet of Potomac bean seeds, but no information. "I want no beans, I want information," she protests. "I have asked you where to send to for seeds in quantities for European countries at reduced prices. There is so much talk about this in the newspapers, but not enough information. I do not want to donate the money, but send the seeds to people known to me. I hope to hear from you."

I hope she reads this. Any of the larger seed companies, members of the American Seedmen's Assn., can sell her seeds in quantity at bulk prices. Look in the yellow section of your telephone book and you'll see the names of several. . . There's at least one in Sacramento. Look under "L" in the seeds classification.

Due to the late Spring, says Ellen M. Salter of the Oakland Rose Study Club, "Our roses have been held back and as a result, the Fourth Annual Spring Rose Show held in the lobby of the Central Bank has been postponed two weeks . . . to May 6 and 7. There is no admission charge."

I see where the East Bay branch of the American Begonia Society is going to have a meeting Apr. 15. You say I'm late with the info? Me? Just got it!

Meeting Called In School Election

A meeting of friends and supporters of Merritt Hosmer, candidate for the Sequoia High School Board of Trustees in the May 21 election, was held last night at the McKinley School.

Approximately 30 persons attended, according to W. W. Hilton, clerk of the board of trustees who called the meeting, and campaign plans were worked out.

Hosmer, incumbent trustee from San Carlos, is seeking his third term on the board.

Board Gives Position On School Tax Plan

The Sequoia High School Board of Trustees today released a statement presenting its position on the 25-cent permissive tax issue which will be decided by the voters on May 21.

Clifton Woodhams, speaking for the trustees, explained that this statement, agreed to by the entire membership of the board, was drawn because of misinterpretation of the board's reasons for having the matter placed on the ballot.

The statement follows:

The board of trusteees of Sequoia High School District has caused to be placed on the ballot of an election to be held on May 21 the issue of a special tax of 25 cents on each $100 of assessed valuation of property in the district. This tax would be in addition to the regular school tax rate of 75 cents and would be permissive in force five years.

It is impossible at this writing to state in dollars how much of it would be expended or to what particular purposes in detail it would cover, nor can one board bind the actions of a succeeding board. The salary schedule prepared by the Sequoia Teachers Assn. which is being quoted in public has not been presented to the board. It is not an issue in this election and it has been given no official sanction by the board. Salary rates will be set by the board at subsequent meetings. The present board is agreed, however, that Sequoia should adopt the following program:

1. To pay our teachers adequate and proper compensation commensurate with ability and present day costs of living.

2. Adequate compensation for non-certificated employes with due regards to present standards and cost of living.

3. To supply necessary and desirable needs of the school now withheld by lack of funds under the present 75 cent tax rate. These include:

Equipment and supplies for biological laboratory, auditory and visual aids to education.

Additional textbooks and library books.

To replace present curtain, drapes and scenery in auditorium.

Modern fire alarm system.

Additional fire protection all through grounds.

Operating costs of new school at Menlo Park.

Additional teachers at Sequoia if attendance continues to increase.

The proposed tax is permissive only—any part of it, all of it or none of it may be expended in any one year.

Continuously over the years Sequoia has been a well managed educational institution. It has never exceeded its annual budget. Its bonded indebtedness is almost nil. Its rating among like sized schools is high. Its pupils average well among those continuing on to college. It is recognized by administrators and faculty alike as being a desirable place in which to work, which means that compensation has kept pace with standards of work required.

All this sums up to the fact that Sequoia has been properly and wisely governed and that from past records alone citizens of the district may be assured such direction will continue.

Hearings Set In Burglary Case

A preliminary hearing in the justice court of E. I. McAuliffe will be held Monday at 2 p.m. for three Santa Clara County men accused of burglarizing two cafes on El Camino Real south of Redwood City.

Richard L. Messina, 29, of San Jose, his brother, Joseph, 27, and Emil Buyak, 24, Sunnyvale, are accused of stealing two console slot machines, licensed for "amusement only," from the Band Box and Who Cares.

RC Driver Crushed as Carryall Overturns on Dirt Road in Belmont

George McNulty, 46-year-old driver of a lumber carryall, was killed late Monday afternoon when his vehicle tipped over and pinned him underneath it.

Mr. McNulty's death was the 15th traffic fatality in San Mateo County this year.

He was the son of George W. McNulty, Redwood City councilman for 32 years until last month, and lived at 803 Clinton St.

Mr. McNulty, driver for the Foley & Boettcher Lumber Co., San Mateo, was returning after having delivered a load of lumber to the San Mateo Scavenger Co. east of Bayshore Hwy., Belmont.

The California Highway Patrol stated that the accident occurred on the private extension of Harbor Rd. about two-tenths of a mile east of the highway. Mr. McNulty was driving west on the dirt road, and had just gone around a curve when the carryall ran to the side of the road.

According to the CHP, Mr. McNulty evidently tried to steer the seven-ton vehicle back to the center of the road, but the wheels slid over the embankment. The carryall rolled over the six-foot bank, and crushed Mr. McNulty under the cab and steering wheel.

Police officers and lumber company employes said that yesterday's accident was the first that they heard of involving a lumber carryall. In such vehicles, the driver sits about 10 feet above the ground.

Mr. McNulty had worked for Foley & Boettcher for the past 2½ years. Before that time for several years he operated the Redwood City street sweeper.

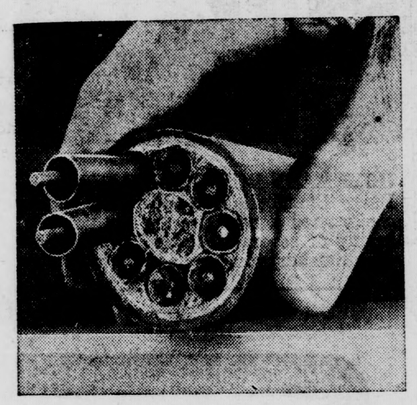
A native of Redwood City, Mr. McNulty had lived in San Mateo County all of his life and had attended Sequoia High School. His parents were born in the Redwood City area.

In addition to his parents, Mr. McNulty is survived by his widow, Helen, two children, Carrie and George, and a stepdaughter, Louise Hoover.

Mr. McNulty was a member of the Redwood City Aerie, 418, Fraternal Order of Eagles, and Teamsters Union 85.

"WORLD'S LONGEST SPEAKING TUBE"

now pipes calls East



1. **Imagine packing 500 voices** together in a tube no bigger than a pencil and sorting them out distinctly at the end! That's what we're doing with coaxial cable. Radio-type waves whisk calls through pipes...instead of on wires...allowing one "co-ax" to do the work of a number of the more usual kinds of long distance cable.

2. **We plant "co-ax"** with giant plows that lay the cable in one operation. Every eight miles a "booster station" keeps calls going through clearly. For—incredible as it seems—high frequency waves fade so rapidly in the cable that all the sun's energy, if it could be funneled into the pipes, would not carry half-way across the country.

3. **"End of the line"...**it takes huge panels of complex equipment like this to sort out the calls carried by just one cable. Since December, calls have been going back and forth from the Coast to the East over 2300 miles of "co-ax." And we're adding still more cables to augment long distance service for the growing telephone population on the Coast.

Millions of new working dollars, needed to extend and improve service, must come—not from telephone bills—but from thousands of people who put their savings to work in the telephone business. To attract these working dollars, we must pay a reasonable amount for their use. We can do this only if we sell our services at fair and adequate prices.

2 SC Policemen Become Fathers

Not one but two San Carlos police officers were handing out cigar Tuesday as the climax of an unofficial San Carlos Police Department "Baby Derby."

The officers are Sgt. James E. Edling and Officer Edward Bettencourt, Tuesday both proud fathers.

According to Lt. George Seely, considerable discussion has been going on around the station during the past few weeks as to which officer would be father first and who would have the heaviest baby.

It came out in a tie; Sgt. Edling's wife gave birth to the first baby, while Bettencourt's baby turned out to be the heaviest.

Both babies are boys, possibly future timber for the San Carlos Police Department.

Edling's son was born Monday day at 2:22 p.m. at the Palo Alto Hospital and weigns 6 pounds, 4 ounces. Bettencourt's new son was born in San Mateo at Mills Memorial Hospital and tipped the scales at 8 pounds, 12 ounces.

WORKER ARRESTED

Richard Woelffel, 66-year-old Cupertino cannery worker, was arrested Monday evening by the California Highway Patrol on a charge of drunken driving. He was picked up on Bayshore Hwy. near Geneva Ave. in the north end of the county and was released from jail on $100 bail.

—Tribune Photo

TRAPPED—George McNulty, 46-year-old Redwood City man, was crushed to death Monday afternoon when the lumber carry all he was driving slipped off a dirt road in Belmont and overturned. Above: Belmont Fire Chief Elbert Miller and Fireman Harry Chamberlain await a tow car which was needed to pull the body (arrow) from the vehicle.

Homemade Fire Fighter Ready Soon

The Belmont Fire District within the next few days will have a new fire fighting rig in service, built almost entirely by the district's two assistant chiefs, Harry Chamberlain and Bob Ellenberger.

The new combination engine-tank-wagon has been built by the department at a cost of approximately $4000. According to Chief Elbert Miller to purchase a similar piece of equipment on the open market would cost the district approximately $9000.

Miller said that while most communities have had to pass bonds for the purchase of new equipment, the Belmont Fire District has attempted to operate on a pay-as-you-go basis, and decided to build the new rig itself in order to save money.

Last October the board of fire commissioners purchased a GMC chassis for $1800 and a month later Ellenberger and Chamberlain started in on the job. Miller estimated that the assistant chief had put in about 2000 working hours on the project.

Except for fittings, the 350 gallon water tank, side panels and chromium parts, all the work was done at the fire station. Even the paint job was put on at the fire house.

Other firemen assisting in the job, according to Miller were Capt. Jack Morrissey, Al Bennett, John Trood and Joseph Ferrell.

The new engine-tank will replace former tank three, which the district sold last Fall for $750. Tank three was originally purchased for $65.

Miller said that besides having a 350 gallon tank, the rig is also equipped with a 500 gallon pumper. It will carry a 24 foot extension ladder and a 12 foot ladder as well as fire aid equipment, fog nozzles and CO2 equipment.

The rig will carry approximately 2000 feet of various sized hoses including 1000 feet of 2½ inch line.

Redwood City firemen extinguished their first grass fire of the season Saturday at 3:17 p.m. at 335 Samson St. There was no damage.

Essay Test On El Camino Bell Slated

Andrew Spinas, Redwood City Elementary School Dist. superintendent, and A. B. Cheatham, local merchant, Tuesday were drafting plans for a composition competition for students in all schools, public and parochial, in the city.

Spinas said the contest should be completed by June 1.

Cheatham has offered to put up prizes for each school. The compositions are to deal with the history of the El Camino bells which were erected along El Camino Real between 1906 and 1915 by school children in the state.

The prizes are to be a miniature El Camino bells. Competition will be divided in each school, one prize going to the best essay from a fifth or sixth grade student and the other for the best essay from a seventh or eighth grade student. In addition there will be a bronze bell given as a prize for the best essay of all.

Spinas said that tentatively he had decided to have teachers pick out the better essays and then have a board of judges pick the best.

Cheatham, who operates a gift store, recently obtained the last original El Camino bell in Redwood City from the city council. He said today that he is getting a hanger for the bell and plans to have it reerected in the near future along the highway.

Chemicals Explode In EPA Plant Fire

Menlo Park firemen were forced to wear gas masks as protection against clouds of sulphur smoke in fighting a fire which broke out at 7:40 o'clock Monday night at the plant of the Chipman Chemical Co. on Bay Rd. in East Palo Alto.

Workmen preparing a sulphur and copper mixture for dusting grapes discovered the fire on the conveyor belt and called the fire department.

While firemen were en route to the chemical plant, a portion of the burning chemicals exploded and blew the top off the conveyor, throwing the fire into the attic above the workroom.

Firemen taking hose lines into the building filled with sulphur smoke were forced to use gas masks. Twelve men with two pumping engines and a squad truck responded to the call and stayed at the scene of the fire for an hour and a half.

Firemen removed a large portion of the conveyor belt in checking for smouldering chemicals.

Exact cause of the fire hasn't been determined. Firemen suspect that a spark caused by friction of movement of the carrier belt may have set off the blaze. Damage has been estimated at between $1500 and $2000.

Hightower Parole Plea Brings Fire

William A. Hightower, 70, convicted priest slayer whose trial here created a sensation in 1921, again has petitioned for parole. It was his 12th bid to leave San Quentin Prison.

And again Dist. Atty. Gilbert D. Ferrell is opposing the parole.

"We've consistently recommended against it and will do so again," Ferrell declared. "It's a very heinous crime and we don't believe there should be leniency shown."

Hightower was convicted and sentenced to a life term for the murder of Father Patrick Heslin, a priest who lived in Colma.

The trial followed the finding of Father Heslin's body in a shallow grave at Salada Beach. He had been kidnaped and held for ransom after he had been lured from his home for the supposed purpose of administering last rites to a dying man.

Seeks $14,500 For Injuries

Mrs. Anna Facciolla, 200 Stanford Ave., Menlo Park, Tuesday filed suit for $14,500 as a result of injuries she suffered last Dec. 20 when she fell on a sidewalk.

She is suing L. C. Smith, San Mateo contractor, and the City of Menlo Park.

Mrs. Facciolla stated that Smith, under contract with the city, was repairing the sidewalk on Oak Ave., and had left a large hole in it. She stepped into the hole, fell, and suffered a series of contusions, sprains and a broken rib.

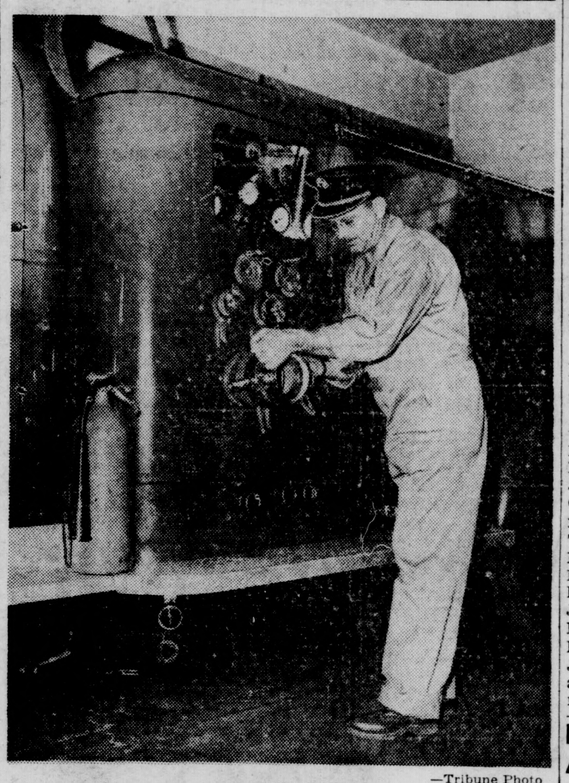
Smith and the city were both negligent in failing to place lights around the hole or to provide guard railings, Mrs. Facciolla claimed.

Rose Marie Arndt Second in State Test

Rose Marie Arndt, Sequoia High School student, placed second in the student speakers contest at the spring conference of Lions Clubs held recently at Hoberg's in Lake County.

Tribune Photo

DISPLAYS ART—Dr. Charles E. Penez, 141 Fulton St., Redwood City's oldest optometrist from the standpoint of service, is also an accomplished artist. Above, he looks over his painting of the California St. cable cars which is on exhibition with some of his other work at the Redwood City Public Library this week in cooperation with Librarian Wilhelmina Harper. Dr. Penez, formerly curator of the Memorial Museum in San Francisco, will display his paintings later this month at Union Square along with 900 of the nation's leading artists.



—Tribune Photo

HOMEMADE BUT IT RUNS GREAT—Belmont Fireman Harry Chamberlain (above) and his department cohorts constructed a new fire rig for the city at an estimated saving of several thousand dollars. Chamberlain puts on the finishing touches as the vehicle is readied for action.

St. Joseph's Plays Host To Mothers

St. Joseph's Military Academy in Belmont was host on Mother's Day to several thousand spectators at the annual military ceremonies, competitive drills, band selections and gymnastics presented by the cadets.

Acting as judges were Maj. Gen. C. D. O'Sullivan, Lt. Col. C. A. Royston, Lt. Col. C. C. Speed, and Capt. Carl O. Nichols; Maj. Harry A. Waldorf and Capt. James D. Jordan of the U.S. Marine Corps; Lt. Col. H. K. Schmidt and Lt. Col. G. C. Woolsey of the U.S. Sixth Army; Lt. Comdr. John Whorter and Lt. Comdr. George Cancannon of the U.S. Navy; and Maj. G. B. Felton of the U.S. Air Corps.

Thomas A. Maloney, member of the state legislature, gave the Mothers' Day address.

Guest of honor, Maj. Gen. C. D. O'Sullivan, adjutant general of the State Guard of California, read a letter from Governor Warren to the academy cadets.

Mayor Bayley Kohlmeier of Belmont presented the trophy to company "A" as winners in the competitive drill work.

Capt. Edward Dougherty, military director at the academy, was in charge.

Milton Mau of San Carlos, who is president of the Fathers' Club at the school, opened the program. The Rev. James Maher, chaplain of the academy and also of the Serra High School in San Mateo, also greeted the throng.

Commandant's medals were awarded to Bert Sims and Jack Moore; James Mau won the citizenship medal; Bert Sims and Paul Kuhe won athletic medals; and band medals went to Orville Bartlett and Julio Escamez.

Bugling contest was won by Billy Rowe, first; Donald Marshall, second; and Robert Vecchio, third.

Manual of arms was won by Noel Troy first; George Littlejohn, second; and Orville Bartlett, third.

The O'Grady Drill was won by James Videle first; Robert Kidwell, second; and Martin Minney, third.

The following commissions were awarded: Col. Bert Sims, Lt. Col. John Moore, Maj. Orville Bartlett, Maj. Paul Kuhe, Maj. James Mau, Capt. Adj. Michael Griffin, Capt. Adj. Julio Escamez, Capts. Harrison Call, Thomas Jeffrey, and Eugene Donahue; First Capt. Joseph Leal and Paul Busacca, John Mahoney, Louis Normandin and Jack Walston, first lieutenants, Lowell Brown, Ronald Pelosi, Noel Troy, James O'Donnell, Jack Hoffenberg, Paul Camera and George Andreine, were named second lieutenants.

Five Men Give Talks At Toastmasters Meet

John Rolla, Dr. C. Burke Miles, Chester C. Armstrong, Lloyd Ayres, and John Neuman were speakers last night at a meeting of the Redwood City Toastmasters Club. Howard Hall was toastmaster of the evening.
